Title 10—DEPARTMENT OF NATURAL RESOURCES
Division 90—State Parks
Chapter 1—Organization and Description

Title 10—DEPARTMENT OF NATURAL RESOURCES
Division 90—State Parks
Chapter 2—State Parks Administration

10 CSR 90-2.010 Definitions
RULE DESCRIPTION: This rule defines terms used in 10 CSR 90-2.

10 CSR 90-2.020 Park Management
RULE DESCRIPTION: This rule is established for controlled management of the natural resources within state parks and for the safety and welfare of the visiting public, thus permitting every individual a pleasant experience.

10 CSR 90-2.030 Camping and Recreational Activities
RULE DESCRIPTION: This rule is established as a means of informing the public of the availability, restrictions and proper usage of the various recreational activities and facilities provided in state parks.

10 CSR 90-2.040 Park Property
RULE DESCRIPTION: This rule is established to ensure the care and protection of all natural and manmade resources within state parks and historic sites.

10 CSR 90-2.050 Organized Group Camps
RULE DESCRIPTION: This rule is established to provide an orderly procedure in making the facilities available to the public and guaranteeing their safety and welfare while using these facilities.

10 CSR 90-2.060 Organized Group Center
RULE DESCRIPTION: This rule establishes the procedures, fees and limitations of this facility to provide persons with disabilities the opportunity to enjoy the recreational activities afforded other segments of the general public.

10 CSR 90-2.070 Fencing on Park-Owned Property
RULE DESCRIPTION: This rule is established to provide procedures and guidelines in considering requests by adjacent landowners to fence common boundaries for purposes of preventing intrusion from livestock or commercial game.

Title 10—DEPARTMENT OF NATURAL RESOURCES
Division 90—State Parks
Chapter 3—Historic Preservation

10 CSR 90-3.010 Definitions—Revolving Fund
RULE DESCRIPTION: This rule defines terms used in 10 CSR 90-3.

10 CSR 90-3.020 Acquisition of Historic Property
RULE DESCRIPTION: This rule provides guidelines for acquisition of historic property by the Historic Preservation Revolving Fund.

10 CSR 90-3.030 Procedures for Making Loans
RULE DESCRIPTION: This rule provides guidelines for making of loans by the Historic Preservation Revolving Fund.

10 CSR 90-3.050 Definitions—Grants
RULE DESCRIPTION: This rule provides definitions for the regulations pertaining to the administration of federal Historic Preservation Fund Grants.

10 CSR 90-3.070 Procedures for Open Selection of Historic Preservation Fund Grant Projects
RULE DESCRIPTION: This rule provides procedures for ensuring the open selection of Historic Preservation Fund Grant projects.

10 CSR 90-3.080 Procedures for the Awarding of Historic Preservation Fund Grants
RULE DESCRIPTION: This rule provides procedures describing the awarding of Historic Preservation Fund Grants.

Title 10—DEPARTMENT OF NATURAL RESOURCES
Division 100—Petroleum Storage Tank Insurance Fund Board of Trustees
Chapter 1—General Organization

Title 10—DEPARTMENT OF NATURAL RESOURCES
Division 100—Petroleum Storage Tank Insurance Fund Board of Trustees
Chapter 2—Definitions

10 CSR 100-2.010 Definitions
RULE DESCRIPTION: This rule defines certain terms used in this division.

Title 10—DEPARTMENT OF NATURAL RESOURCES
Division 100—Petroleum Storage Tank Insurance Fund Board of Trustees
Chapter 3—Transport Load Fee

10 CSR 100-3.010 Assessment of Transport Load Fee
RULE DESCRIPTION: This rule establishes the amount of the surcharge on petroleum products which is deposited into the Petroleum Storage Tank Insurance Fund, and sets provisions for suspending or reinstating payment of the surcharge.

Title 10—DEPARTMENT OF NATURAL RESOURCES
Division 100—Petroleum Storage Tank Insurance Fund Board of Trustees
Chapter 4—Participation Requirements

10 CSR 100-4.010 Participation Requirements or Underground Storage Tanks
RULE DESCRIPTION: This rule sets the procedures to be followed by owners or operators of underground storage tanks who wish to obtain insurance coverage from the Petroleum Storage Tank Insurance Fund, and establishes the annual participation fee which is required for coverage.

10 CSR 100-4.020 Participation Requirements for Aboveground Storage Tanks
RULE DESCRIPTION: This rule sets the procedures to be followed by owners or operators of aboveground storage tanks who wish to obtain insurance coverage from the Petroleum Storage Tank Insurance Fund, and establishes the annual participation fee which is required for coverage.

Title 10—DEPARTMENT OF NATURAL RESOURCES
Division 100—Petroleum Storage Tank Insurance Fund Board of Trustees
Chapter 5—Claims

10 CSR 100-5.010 Claims for Cleanup Costs
RULE DESCRIPTION: This rule describes who can make claims against the Petroleum Storage Tank Insurance Fund, when and how such claims must be made, requirements to seek preapproval of costs, what costs the fund considers eligible, and how to request payment from the fund.

10 CSR 100-5.020 Claims Appeal Procedure
RULE DESCRIPTION: This rule sets the procedures to be followed in the event a person wishes to appeal a claim payment decision.

10 CSR 100-5.030 Third-Party Claims
RULE DESCRIPTION: This rule describes the procedures to be followed in the event there is a third-party claim against a tank owner or operator who is insured by the fund, and summarizes what third-party coverage is provided by the fund.

Title 10—DEPARTMENT OF NATURAL RESOURCES
Division 130—State Environmental Improvement and Energy Resources Authority
Chapter 1—Applications

10 CSR 130-1.010 Definitions
RULE DESCRIPTION: This rule sets out definitions used in the rules of the State Environmental Improvement and Energy Resources Authority. It insures that the requirements for applications to the Authority are clear to applicants.

10 CSR 130-1.020 Application Forms and Fees
RULE DESCRIPTION: This rule sets forth the information and documents which constitute an application to the authority and the procedure which should be followed in making the applications. The State Environmental Improvement and Energy Resources Authority is authorized to provide for the conservation of the air, land and water resources of the state by the prevention or reduction of the pollution thereof and proper methods of disposal of solid waste or sewage and providing water facilities and resource recovery facilities and to provide for the development of the energy resources of the state and to further the programs the authority is authorized to contract to provide services relating thereto, to finance, acquire or construct projects and to make loans or to issue its revenue bonds and/or notes to pay the cost thereof and to fund the costs of studies and research proposals in connection therewith. The pollution control projects must be in furtherance of applicable federal and state standards and regulations. This rule enables applicants to better prepare applications in order to meet the applicable state and federal standards and regulations.

Title 10—DEPARTMENT OF NATURAL RESOURCES
Division 140 – Division of Energy
Chapter 2 – Energy Set-Aside Fund

10 CSR 140-2.010 Definitions
RULE DESCRIPTION: This rule provides definitions of special terms used in conjunction with the Energy Set-Aside Fund. This rule was originally promulgated in 1999 to implement the MDNR's energy efficiency loan program established in Section 640.651 to 640.686, RSMo. Section 640.674 requires MDNR to establish procedures, policies and qualifications as necessary to administer the program that provides low-interest loans to make energy efficient improvements that are repaid with energy savings from the improvements. Historically loans have been provided to local governments and schools including state colleges or universities. This rule was amended in 2011 to accommodate MDNR's ability to make loans to a broader spectrum of borrowers and enable the department to use the Energy Set-Aside fund for revolving loans using American Recovery and Reinvestment Act funds, if and as determined to be appropriate.

10 CSR 140-2.020 General Provisions
RULE DESCRIPTION: This rule establishes the authority of the department to administer the Energy Set-Aside Fund. This rule was originally promulgated in 1999 to implement the MDNR's energy efficiency loan program established in Section 640.651 to 640.686, RSMo. Section 640.674 requires MDNR to establish procedures, policies and qualifications as necessary to administer the program that provides low-interest loans to make energy efficient improvements that are repaid with energy savings from the improvements. Historically loans have been provided to local governments and schools including state colleges or universities. This rule was amended in 2011 to accommodate MDNR's ability to make loans to a broader

spectrum of borrowers and enable the Department to use the Energy Set-Aside fund for revolving loans using American Recovery and Reinvestment Act funds, if and as determined to be appropriate.

Title 10—DEPARTMENT OF NATURAL RESOURCES
Division 140—Division of Energy
Chapter 4—Wood Energy Credit

10 CSR 140-4.010 Wood Energy Credit
RULE DESCRIPTION: This rule sets the requirements and procedures for claiming the tax credit on wood energy products as well as extending the tax credit eligibility dates as provided for in sections 135.300.135.311, RSMo Supp. 1996. Note: In 2008, Section 135.305, RSMo was revised to state that no new tax credits under sections 135.300 to 135.311, RSMo would be authorized after June 30, 2013. At that time, this rule will be rescinded.

Title 10—DEPARTMENT OF NATURAL RESOURCES
Division 140—Division of Energy
Chapter 5—Industrial Loan Program

10 CSR 140-5.010 Definitions and General Provisions
RULE DESCRIPTION: This rule establishes procedures to operate the Industrial Loan Program. The statute under which this rule was promulgated has been repealed and steps are being taken to rescind this rule. 10 CSR 140-2.010 and 2.020 enable MDNR to make loans to a broad spectrum of borrowers.

Title 10—DEPARTMENT OF NATURAL RESOURCES
Division 140—Division of Energy
Chapter 6—Missouri Propane Education and Research Program

10 CSR 140-6.010 Definitions and General Provisions
RULE DESCRIPTION: This rule establishes procedures to operate the Missouri Propane Education and Research Program.

Title 10. —DEPARTMENT OF NATURAL RESOURCES
Division 140—Division of Energy
Chapter 7—State Building Minimum Energy Efficiency Standard

10 CSR 140-7.010 State Building Minimum Energy Efficiency Standard
RULE DESCRIPTION: This rule sets a minimum energy efficiency standard for construction of a state building, substantial renovation of a state building where major energy systems are involved, or a building which the state or state agency considers for acquisition or lease. Section 8.812.1, RSMo requires MDNR to establish a rule to set a minimum energy efficiency standard for state buildings to be at least as stringent as the International

Energy Conservation Code 2006 or latest version. This insures that new or substantially renovated state buildings are energy efficient, resulting in lower heating and cooling expenses.

Title 10—DEPARTMENT OF NATURAL RESOURCES
Division 140—Division of Energy
Chapter 8—Certification of Renewable Energy and Renewable Energy Standard Compliance Account

10 CSR 140-8.010 Certification of Renewable Energy and Renewable Energy Standard Compliance Account
RULE DESCRIPTION: This rule implements provisions of the Proposition C initiative petition passed by Missouri voters on November 4, 2008, collectively known as the "Renewable Energy Standard" found in sections 393.1025 – 393.1030, RSMo. Section 393.1025(5) requires MDNR to promulgate rules to certify new types of renewable resources that become available after the date of the law's enactment. Section 393.1030(4)4 requires MDNR to establish by rule a certification process for electricity generated from renewable resources to insure such facilities do not cause undue adverse air, water or land use impacts. All renewable electric generation facilities used by Missouri's regulated utilities to comply with the Renewable Energy Standard must be certified by MDNR.
