Through its public discussion of the proposal, the Board believes that reducing license renewal fees will have a positive impact on small businesses by reducing the costs of compliance with licensure requirements.

The Missouri Dental Association represents the interests of dentists and dental specialists. The Missouri Dental Association was present at a public meeting held in Jefferson City on January 15, 2016 where this proposal was discussed and approved by the Board. Please list the probable monetary costs and benefits to your agency and any other agencies affected. Please include the estimated total amount your agency expects to collect from additionally imposed fees and how the moneys will be used.
